Christ who heals us

"The fever left her and she began to wait on them." One of the lovely features of the Gospels is the number of healing stories they contain. Nothing is too big or too small to bring to Jesus. He raised Lazarus from the dead; he healed Peter's mother-in-law from a fever. That same Jesus is with us and among us with the same power and the same longing, to heal us into wholeness. All we have to do is ask him for what we need for ourselves and for one another and know that he will answer. We all need his healing power in so far as we set limits to our love for one another because his great commandment is to love. Husbands and wives often need to stretch their love into forgiveness if they are to go forward together. Parents need to grow in understanding of their children. And in our parish we need Christ's power to help us to take true responsibility for those in need.
