

Easter Sunday 2022

A Day of Celebration

"They have taken the Lord out of the tomb," Mary of Magdala said, **"and we don't know where they have put him."** On the first Easter morning there was a sense of excitement among the disciples but it was mixed with anxiety and fear. They didn't know what was happening but they knew that something was. As we celebrate our Easter we can know exactly what has happened. However we can be so familiar with this wonderful truth that we may have little if any excitement about it. It was not the soldiers who took the body of Jesus from the tomb but rather the power of God. And where God has put Jesus is into our hearts, our minds, our company with one another, above us, below us, all around us. The deepest reality of our lives has been changed forever by what happened today and Jesus is risen and living among us in our homes and in our faith community. We need to attend to him there.

RESSUREXIT SICUT DIXIT HE IS RISEN

We are this year able to Celebrate the great feast of Easter in a more normal way than for three years. While we rejoice in the progress towards normality we are very conscious of all those who have suffered and indeed continue to do so as a result of the pandemic.

We are especially conscious of those who have suffered bereavement.

This Easter is very much overshadowed by the terrible events in the Ukraine along with the other countries such as Myanmar where there is little to rejoice about.

The Easter message is one of Hope over the greatest adversity and light in the darkest of situations. The Easter message of the Risen Christ is the only real meaning in a troubled world.

We wish you all the Blessings of Easter and thank you for your constant prayers and support for us and our parishes.
