## Fifth Sunday of Lent

### Our Forgiving God

*"Anyone who loves her/his life loses it; anyone who hates her/his life in this world will keep it for the eternal life." At first glance that statement from Christ in this Sunday's Gospel is hard to take. But it is God's wisdom and we must listen to it. It's really about our priorities. If our priorities are all just about the here and now and our own gratification we will lose everything. If we set our sights on what God wants for us we will gain far more than we ever imagined possible. And what God wants for us is love, peace, joy, freedom, full life - all of which can only be gained by giving ourselves fully to one another. Marriage and family life are the two great schools for learning self-giving. In marriage each person has to deliberately choose what is good and best for their life together. In family life parents especially have to constantly give of themselves. That is how people grow to maturity.*
