5th Sunday of the Year

A light in the Darkness

Jesus said to his disciples: "You are the salt of the earth; you are the light of the world." These extraordinary words were said to very ordinary people, and they were meant! They are being said again today to us, the present disciples of Jesus, and they are still meant! Salt is used to season food. As the Church, our task is to give a good taste to the world in which we live. Light shows the way and also brings comfort and joy. These also are our tasks for the world in which we live, and how much our world needs these at present. We do all this first and foremost through the way we live in our homes, by making our relationships there ever more alive and joyful. We also respond to Christ in our faith community by developing the Church as a welcoming community where everyone is treasured and cared for; where everyone is helped to know how much they are loved by God and how precious they are in his sight.
