## TRANSFIGURATION OF THE LORD

*'Stand up, do not be afraid'*

*'When they (the disciples) raised their eyes, they saw no one but only Jesus'. So much of what we are familiar with seems to be collapsing around us today. Some marriages are breaking up; families are being torn apart; the Church would seem to be losing many of her young people and many not so young; society is changing at a fast pace, and not always for the better. Many people are fearful about the future. And yet Jesus tells us 'do not be afraid'. He does not tell us not to feel afraid but rather not to live imprisoned by fear. The challenge is for married couples to live their love for each other as fully as they can. That will give hope to many others. That challenge is also for each family to build up their home as a place where each one can really be at home and that will make a difference for many others. And of course, the challenge is for each parish to renew its commitment to being the presence of Christ by the joy of the Gospel lived as a community of faith, hope and love.*
