## 25th Sunday of the Year

### Lord of the Oppressed

Jesus said to his disciples: **"You cannot be the slave both of God and of money"**. Thank God all of us are much better off today than we were in past generations and even better off than we ever expected to be. This brings with it a sense of security and lessens people's anxiety about the future. But it also can bring with it a sense of self-sufficiency in which we think that we are in need of no one, not even God. We become selfish, and the more we have the more we want. The challenge of the Gospel today is to be thankful for all we have and to learn to share it with those who are in need. When we become selfish with our money we also become selfish with our time and this has a serious effect on our marriage and family relationships and the quality of our lives together becomes less loving. We also refuse to give time to building up our parish community because we are too busy or too important.
